Dear Shareholders,

(A) PROPOSED RENEWAL OF SHARE BUY BACK AUTHORITY

(B) PROPOSED RENEWAL OF AND NEW SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

At the Annual General Meeting held on 22 August 2014, the Company had obtained shareholders' mandate on the Proposed Renewal of Share Buy Back Authority and Proposed Renewal of RRPT Mandate. The aforesaid mandate will expire at the conclusion of the forthcoming AGM which will be held on Thursday, 27 August 2015 unless renewal is obtained.

On 9 July 2015, the Board had announced the Company's intention to seek shareholders' approval on the Proposals.

The purpose of this Circular is to provide you with the details and information of the Proposals, to set out the recommendation made by the Board and to seek your approval for the resolution pertaining to the Proposals to be tabled at the Company's forthcoming AGM or any adjournment thereof.

2. DETAILS OF THE PROPOSALS

2.1 Proposed Renewal of Share Buy Back Authority

The Board seeks your approval to purchase up to ten per centum (10%) of QL's issued and paid-up share capital at the point of purchase on Bursa Securities through the Company's appointed stockbroker(s).

The Proposed Renewal of Share Buy Back Authority will allow the Board to exercise the power to purchase QL's own Shares at any time within the mandate period using internally generated funds of the Company and/or borrowings. The actual number of Shares to be purchased, the total amount of funds to be utilised as well as the timing of the Proposed Share Buy Back will depend on inter alia, market conditions, the availability of the retained profits/ share premium accounts and the financial resources available to QL Group as well as Bursa Securities' requirement to maintain the minimum shareholding spread and minimum issued and paid-up share capital.

The mandate for the Proposed Share Buy Back will be effective immediately upon the passing of the ordinary resolution pertaining to the Proposed Renewal of Share Buy Back Authority at the forthcoming AGM, and will be in force until:-

- (i) the conclusion of the next AGM of the Company at which time the authority shall lapse unless by ordinary resolution passed at a general meeting, the authority is renewed either unconditionally or subject to conditions;
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; and
- (iii) revoked or varied by ordinary resolution of the shareholders of the Company at a general meeting, whichever is the earlier.

The maximum amount of funds to be allocated for the Proposed Share Buy Back will be subject to the retained profits and/or share premium accounts of the Company. The retained profits and share premium account of the Company based on the audited financial statements for the year ended 31 March 2015 were RM163,493,581 and RM308,017,538 respectively. Whereas the retained profits and share premium account of the Company based on its unaudited management account as at 30 June 2015 were RM167,324,132 and RM308,017,538 respectively.

The Proposed Share Buy Back is likely to reduce the working capital and cash flow of the Company, the quantum of which depends on the purchase price and the actual number of Shares purchased. However, the Proposed Share Buy Back is not expected to have a material effect on the working capital and cash flow of QL Group.

Pursuant to the rules of Listing Requirements, the Proposed Share Buy Back shall be executed at purchase prices not exceeding 15% above the weighted average market price of the Shares for the previous five (5) Market Days immediately prior to the purchase. The Treasury Shares arising from the Proposed Share Buy Back can be resold at prices not less than the weighted average market price of the Shares for the previous five (5) Market Days immediately prior to the resale.

The aforesaid Treasury Shares shall not be entitled to any of the right attached to the existing Shares of the Company as to voting, dividends and participation in other distribution or otherwise, are suspended and shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including, without limiting the generality of Section 67A(3C) of the Act, Company's Articles of Association or the Listing Requirements on substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on a resolution at a meeting.

Notwithstanding the above, the Company may deal with the Shares so purchased in the following manner:-

- (a) to be cancelled;
- (b) to be retained as treasury shares for distribution as share dividends to the shareholders and/or resell them to Bursa Securities and/or subsequently cancel the treasury shares;
- (c) to retain partly as treasury shares and cancel the remainder; or
- (d) a combination of (a), (b) and (c) above.

The decision of the Board on the above options will be made at appropriate time. An immediate announcement will be made to Bursa Securities as and when any purchase, cancellation and/or resale of Shares are executed.

2.1.1 Risk Assessment of the Proposed Share Buy Back

The Proposed Share Buy Back, if implemented will reduce the financial resources of the Group and may result in the Group foregoing better investment opportunities that may emerge in the future or, at the least, deprive the Company and the Group of interest income that can be derived from the funds realised for the Proposed Share Buy Back.

The Proposed Share Buy Back may also result in a lower amount of cash reserves available for dividends to be declared to shareholders as funds are utilised to purchase Shares. In the event that the Proposed Share Buy Back is funded by bank borrowings, the Company's net cash flow may decline to the extent of the interest costs associated with such borrowings. However, if the Company decides to utilise bank borrowings to finance the Proposed Share Buy Back, it will ensure that it has sufficient financial capability to repay the bank borrowings and interest expense as well as to ensure that the bank borrowings will not have a material impact on the cash flows or earnings of the Company.

Nevertheless, the abovementioned disadvantages shall be mitigated by the prospect that the financial resources of the Group may increase, if the Treasury Shares are resold at prices higher than the purchase price.

2.1.2 Directors' and Major Shareholders' shareholdings

Based on the Register of Directors' Shareholdings and the Register of Major Shareholder as at 30 June 2015, the number of Shares held by the directors and major shareholders of QL respectively are as follows:-

Notes:

* The new estimated value is based on the Management's estimate which takes into account the transacted amount for the financial year ended 31 March 2015 as well as the changing economic and competitive environment. Announcement will be made accordingly if the actual value exceeds the estimated value by 10% or more.

@ This transaction had exceeded the estimated value by 10% or more mainly due to the increased in feed price, increased in livestock production volume in Green Breeder Sdn. Bhd. and higher total bill after imposition of 6% Goods & Services Tax. Announcement was made to Bursa Securities on 6 July 2015.

2.2.5 Amount due and owing by Related Parties

There was no amount due and owing by Related Parties which exceeded the credit term at the end of the financial year ended 31 March 2015.

Late payment charges rate of 0.75% per month will be imposed on the Related Parties if the amount due and owing by them exceeded the credit term.

2.2.6 Review and disclosure procedures for RRPT

The Board will ensure that the methods or procedures adopted for pricing in the RRPT are consistent with the usual business practices and standards currently adopted by the Group in transactions with non-related parties. The Board will also ensure that the RRPT are conducted on an arms-length and on normal commercial terms taking into account prevailing market conditions and are not detrimental to the minority shareholders.

At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be based on prevailing market rates/prices that are agreed upon under similar commercial terms for transactions with third parties, business practices and policies and on terms which are generally in line with industry norms in order to ensure that the RRPT is not detrimental to the Company or the Group.

The Company maintains quarterly report of all RRPT. This list is circulated to members of the Audit Committee and the Board on quarterly basis for review and deliberation, where necessary. All members of the Board and/or Audit Committee who are directly or indirectly interested in any of the RRPT shall declare their interest in such transaction and abstain from deliberations and voting in respect of the RRPT.

There is no specific threshold for approval of the RRPT as all related party transactions will be subject to periodic reviews by the Audit Committee to ensure that they have been transacted on arm's length basis and on commercial terms not detrimental to the Group. Proper disclosures will be made in the Company's annual report in respect of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year. Further, the Company has engaged its outsourced internal audit function to review the RRPT as part of their job scope. Additionally, our Audit Committee shall have the right to access the information on the related parties concerned and is entitled to the services of independent advisers, if required, in the discharge of their duties in reviewing the RRPT.

2.2.7 Audit Committee Statement

The Audit Committee of the Company has reviewed the procedures as stipulated under Section 2.2.6 above on quarterly basis and is of the opinion that the said procedures are satisfactory to ensure that the RRPT are carried out on terms not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interests of the minority shareholders.

Further, the Audit Committee is of the opinion that the Company has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner.

3. RATIONALE OF THE PROPOSALS

3.1 Rationale for the Proposed Renewal of Share Buy Back Authority

The rationale for and the benefits of the Proposed Share Buy Back if exercised are as follows:-

- (a) as a possible measure to assist towards stabilising the supply and demand for QL's Shares on Bursa Securities which in turn is expected to foster investors' confidence;
- (b) if the purchased Shares are subsequently cancelled, this may increase the consolidated EPS of QL Group, which may have a positive impact on QL's share price;
- (c) if the Treasury Shares are sold at prices higher than the purchase prices, potential gains may be realised and consequently increase QL's working capital and net assets; and
- (d) as a mechanism to reward shareholders in the event that the Treasury Shares are distributed as share dividend.

The Proposed Share Buy Back is not expected to cause any potential material disadvantage to the Company and its shareholders as it will be exercised only after in-depth consideration of the financial resources of the QL Group and of the consequential impact on its shareholders' interest. The Board will be mindful on the Company and its shareholders' interest in exercising the Proposed Share Buy Back.

3.2 Rationale of and benefit of the Proposed Renewal of and New RRPT Mandate

The Proposed Renewal of and New RRPT Mandate will enhance our Group's ability to pursue business opportunities which are time-sensitive in nature, and will eliminate the need to announce and convene separate general meetings on each occasion to seek shareholders' prior approval for the relevant company in our Group to enter into such transactions.

This will substantially reduce the expenses associated with the convening of general meetings on an ad-hoc basis, improve administrative efficiency considerably, and allow manpower resources and time to be channelled towards attaining other corporate objectives.

The RRPT involved are in the ordinary course of business and most are based on long term business relationships which had been established before QL went public on 30 March 2000.

The Related Parties are both reputable customers and reliable suppliers of raw materials and goods to our Group. Further, the raw materials and goods provided by the related parties are priced competitively and all transactions between our Group and the Related Parties are carried out on an arms' length basis and on terms not more favourable to the Related Parties than those generally available to the public.

4. FINANCIAL EFFECTS OF THE PROPOSALS

The financial effects of the Proposed Share Buy Back are as follows:-

4.1 Share Capital

The effects of the Proposed Share Buy Back on the issued and paid-up share capital of the Company are set out in the table below.

Description	Number of Shares	RM
Issued and paid-up capital as at 30 June 2015	1,248,029,430	312,007,357
Maximum number of Shares that may be purchased and cancelled pursuant to the Proposed Share Buy Back	(124,802,943) ⁽ⁱ⁾	(31,200,735)
Issued and paid-up share capital after the Proposed Share Buy Back and cancellation	1,123,226,487	280,806,622

Note:

(i) For illustration purposes and assuming all shares purchased are cancelled. Notwithstanding the above, the Proposed Share Buy Back will not have any effect on the issued and paid-up share capital of the Company if the Shares so purchased are retained as treasury shares and subsequently re-sold and/or distributed to the shareholders.

4.2 NA

The Proposed Share Buy Back is likely to reduce the NA per share of the Company and the Group if the purchase price exceeds the audited NA per share of the Group at the time of purchase, and will increase the NA per share of the Group if the purchase price is less than the audited NA per share of the Group at the time of purchase.

For Shares so purchased which are retained as the treasury shares, the NA of the Group will increase upon the resale of these shares, assuming that a gain has been realised. Nevertheless, the quantum of the increase in NA will depend on the actual selling price of the Treasury Shares and the number of the said shares being resold.

4.3 Earnings

The EPS of the Group may increase depending on the number of Shares purchased and purchase prices of the Shares. Similarly, based on the assumption that the Shares so purchased are treated as treasury shares, the extent of the effect on the earnings of the Group will depend on the actual selling price, the number of Treasury Shares resold and the effective gain or interest savings arising.

The Proposed Renewal of and New RRPT Mandate will not have any material financial effects on QL Group.

5. CONDITIONS TO THE PROPOSALS

The Proposals are conditional upon approval being obtained from the shareholders of the Company at the forthcoming AGM and the approval of the Proposed Renewal of Share Buy Back Authority and Proposed Renewal of and New RRPT Mandate is subject to annual renewal.

6. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save as disclosed below, none of the other directors and/or Major Shareholder of QL or any Person Connected to them have any direct or indirect interest in the Proposals:-
